CRUD Property System Snippet

6. Adding Data to Database with form validations:

The screenshot shows the 'Add Property' form in the CRUD interface. The form is titled 'Add Property' and contains the following fields:

- County (text input)
- Country (text input)
- Town (text input)
- Postcode (text input)
- Description (text area)
- Displayable Address (text input)
- Image (Choose File button)
- No. of bedrooms (dropdown menu)
- No. of bathrooms (dropdown menu)
- Price (text input)
- Property Type (dropdown menu)
- For (radio buttons for Rent and Sale)

The form is displayed over a background showing a table of properties and a 'Logout' button.

7. Editing and Updating Database data:

The screenshot shows the 'Edit Property' form in the CRUD interface. The form is titled 'Edit Property' and contains the following fields:

- County (text input)
- Country (text input)
- Town (text input)
- Postcode (text input)
- Description (text area)
- Displayable Address (text input)
- Image (Choose File button)
- No. of bedrooms (dropdown menu)
- No. of bathrooms (dropdown menu)
- Price (text input)
- Property Type (dropdown menu)
- For (radio buttons for Rent and Sale)

The form is displayed over a background showing a table of properties and a 'Logout' button.

8. Deleting Database data:

The screenshot shows the 'Confirm Deletion' dialog in the CRUD interface. The dialog is titled 'Confirm Deletion' and contains the following text:

Do you wish to DELETE this Property?

Buttons: Cancel, Proceed

The dialog is displayed over a background showing a table of properties and a 'Logout' button.
